Information presented at all attendance options will be the same.

The planned improvements include expanding capacity on Florida's Turnpike southbound exit ramp to Consulate Drive, increasing capacity on Consulate Drive at the US 441 intersection, and widening southbound Orange Blossom Trail as it approaches Consulate Drive (FPID 438547 2). Additional work involves constructing a new westbound SR 528 exit ramp to La Quinta Drive (FPID 444979 1). Together, these projects will improve access to Orange Blossom Trail and the Florida Mall area, reduce congestion on Landstreet Road, SR 528, and nearby ramps, remove existing toll infrastructure, and enhance overall safety and traffic flow.

Future improvements under evaluation include a new eastbound on ramp from Gills Drive (FPID 444979 2) and a commercial vehicle parking facility along westbound SR 528 near the La Quinta Drive off ramp (FPID 444979 3) at Milepost 5.5. Both of these projects may advance to the design phase in the future.

This meeting will give interested people an opportunity to review the project design and ask questions about the proposed improvements. Displays that illustrate the proposed improvements will be available at the meeting. All meeting materials will be available for review the day of the virtual meeting on the project website.
